PLATFORM COOPERATISM CONSORTIUM ANNUAL CONFERENCE

歡迎參與首次於亞洲舉行的平台合作運動大會，一同探討合作社如何投入數碼經濟體系。

亞洲地區以及世界各地的運動參與者將首次聚首一堂，討論建基於廣義擁有權及民主管理的平台模式如何可在亞洲地區開花結果。大會的參與者將進一步分析按需經濟 (on-demand economy)，而平台合作社將互相交流最佳實踐個案。

我們邀請所有感興趣的市民、政策制定者、設計師、資訊科技從業員、傳媒及法律學者、合作社，工會和非政府組織代表一起參與。大會內容豐富，除了針對上述議題外，亦將促進不同地域、文化和行業之間的對話與合作。大會將以英文進行。

Hacking the city

- Weak security and encryption
- Insecure legacy systems and poor maintenance
- Large and complex attack surfaces and interdependencies
- Cascade effects
- Human error and disgruntled (ex)employees

An illustration showing a hand holding a smartphone with signal waves emanating from it, positioned over a city street scene with cars and buildings. The slide also features icons of a circuit board and a line graph at the top left.

The Habitat 2020 building is envisioned for China, and radically alters our perception of a structure's surface. The exterior has been designed as a living skin, rather than a system of inert materials used only for construction and protection.
